LinkedIn: Victory Eric
Skills: Python, pandas, Scikit-learn, Streamlit, GitHub, Canva, CorelDRAW

WORK EXPERIENCE

Customer Care Representative | Mar 2026 – Present Tisa Drive Limited
- Handle customer enquiries and complaints promptly, calmly and professionally with accurate information.

Social Media Manager | Apr 2026 – Present Chimez Shoe Room
- Manage the brand's social media content and audience engagement, designing visuals in Canva.

CEO / Managing Director | Jan 2024 – Present Our AI Empire Fortress
- Create jingles, lyrics and customised songs that help clients communicate their message through music.

Founder & CEO Grandeza Studio: video editing and graphics design for clients in Enugu and Port Harcourt

Computer Operator & Trainer | Nov 2024 – Jan 2026 Teen Tech Hub
- Managed data entry and digital records; trained people in typing, software use and computer basics.

PROJECTS

Customer Segmentation with K-Means *Python, pandas, Scikit-learn, Matplotlib, Streamlit*
- Unsupervised machine learning project that groups customers into segments using age, marital status, education, work experience, family size and spending score, so marketing and pricing can target each group.
- Cleaned the data (median and mode imputation), encoded categorical features and scaled them with StandardScaler because K-Means is distance-based.
- Trained KMeans with 4 clusters, profiled each segment's average features and spending mix, and visualised the groups with PCA (7 features reduced to 2).
- Built a Streamlit app and a reproducible repository (requirements file, dev container, README).

EstateML *Python, Scikit-learn, K-Means, Streamlit*
- AI property recommendation system for the Nigerian real estate market; AI lead of team De Ekklesia, submitted to the Nigeria Prize for Science and Innovation hackathon.

Other ML Projects *TensorFlow, Keras, Scikit-learn*
- Handwritten digit CNN, loan status, Titanic, Parkinson's detection and house price prediction.

AWARDS AND CERTIFICATION

Most Influential Female, NAPSS (2026)
Most Outspoken NAPSite, NAPSS (2026)
TechCrush AI Bootcamp (2026)
HP AI Courses via edX (2026)
Tech4Youth AI/ML Certificate (in view)

ACADEMIC HISTORY

University of Nigeria, Nsukka | 2026 – In view
B.Sc. Computer Science

Wisdom Gate High School | 2018 – 2024
West African Senior School Certificate

REFEREES
